August 2019 – March 2023
(System Administration)
System Administrator | Gozo Technologies Pvt. Ltd | Kolkata
My key responsibilities as a system administrator is to make sure that organization's Computer Systems, Networks (LAN & WAN), Printers, Biometric, Wi-Fi Routers, / Access Points and Servers are up & running with minimum downtime possible. Also I was responsible for managing, troubleshooting and proactively updating hardware and software assets to prevent downtime or zero – day exploits from occurring.
